

# RIOTING BEGINS ANEW

## First Car Is Assaulted With Bricks and Stones. Some Fighting and Police Are Not in Control of the Situation.

SAN FRANCISCO, MAY 9.—THE FIRST CAR TO BE RUN TODAY WAS STARTED FROM THE CARN BARN ON OAK STREET AT 1.30. IT WAS IN CHARGE OF STRIKE-BREAKER M'DERMOTT, WHO ACTED AS MOTORMAN; A NUMBER OF OTHER STRIKE-BREAKERS WERE ON THE PLATFORM. SOME BRICKS AND STONES WERE THROWN AS IT EMERGED FROM THE ENTRANCE, BUT IT MADE ITS WAY TO STANYAN STREET AND THENCE TO HAIGHT AND THENCE TO PAGE WITHOUT INCIDENT.

THORNWELL MULLALLY, ASSISTANT TO PRESIDENT CALHOUN, FOLLOWED THE CAR IN AN AUTOMOBILE AND CHIEF DINAN WAS IN ANOTHER. AT PAGE AND LYON STREETS THE CAR WAS HALTED BY A GREAT PILE OF BRICKS AND COBBLES THROWN ACROSS THE TRACK, BUT THE DELAY WAS NOT LONG AND IT PROCEEDED ON TO DEVISADERO, WHERE THERE WAS ANOTHER HALT DUE TO A CLOGGED SWITCH. TURNING UP DEVISADERO THE CAR WENT OVER THE SAME ROUTE AS YESTERDAY, BUT THERE WAS LITTLE RIOTING.

SAN FRANCISCO, May 9.—TWO CARS HAVE LEFT OAK STREET BARN; ONE OF THEM WAS STONED AT BRODERICK STREET. UNION CARMEN SAY THAT TRAIN DISPATCHER RICHARDSON HAS BEEN DISCHARGED BECAUSE HE REFUSED TO TAKE OUT A CAR.

SAN FRANCISCO, May 9.—The outlook for trouble in the street car strike is today more serious, according to the police, than it was yesterday. Seventy more strike-breakers arrived in the city during the night and were conveyed quietly to the United Railroads' barricaded yard and power plant at Turk and Fillmore streets, where more than 100 cots have been installed for the accommodation of the non-unionists.

The company will run cars from the barn at Oak and Broderick streets this afternoon and the understanding is that none of the operatives will be armed. The police will furnish an escort of twenty or more officers, mounted and in automobiles as was done yesterday. The route for the run has not been announced.

The arrival today of President McMahon of the International Street Car-men's Union is awaited with great interest. He has a name of executive ability, coolness and diplomacy, and it is hoped by some that his presence in the city will have a deterrent effect on violence.

The committee of fifty appointed by Mayor Schmitz will meet with him at his offices at 10 o'clock this morning.

11:30 a. m.—At this hour crowds are congregated at Turk and Fillmore (Continued on Page 2.)

## FEDERAL TROOPS ARE READY

(Special to THE TRIBUNE.)

SAN FRANCISCO, MAY 9.—THE UNITED RAILROADS IS LAYING THE FOUNDATION FOR AN APPEAL TO THE NATIONAL GOVERNMENT. THE EFFORTS TO RUN CARS DURING THE PAST TWO DAYS HAVE BEEN FOR THE PURPOSE OF MAKING A SHOWING THAT THEY ARE PREVENTED FROM PURSUING THEIR LEGITIMATE BUSINESS. WHEN SUFFICIENT EVIDENCE HAS BEEN GATHERED, PROBABLY TODAY WILL FURNISH IT, THE COMPANY WILL GO INTO THE FEDERAL COURTS FOR A WRIT RESTRAINING STRIKERS AND ALL OTHERS FROM INTERFERING WITH THE OPERATION OF CARS.

A UNITED STATES MARSHAL WILL THEN TAKE CHARGE AND IF HE FINDS HE CANNOT COPE WITH THE SITUATION AN APPEAL WILL BE MADE FOR TROOPS. FUNSTON IS HOLDING HIS COMMAND IN READINESS. AFFIDAVITS AND DEPOSITIONS ARE BEING HURRIEDLY PREPARED AS A BASIS FOR THE INSTITUTION OF SUIT.

## NON-UNION LAUNDRYMEN GO HUNGRY WHEN STRIKERS MOB LUNCH COUNTER

### Food Left for Workers Is Covered With Sand

Much excitement prevailed at noon-time today around the Yosemite Laundry as the driver of that concern was bringing some luncheon to the laundrymen working inside. As the driver was returning from his shopping with his arms filled with eatables about fifty strikers crept behind him and snatched the luncheon out of his hands. They fairly mobbed him, taking away nearly everything. He had seven bottles of beer, cream puffs, buns, sandwiches and other delicacies which tempt the palate of about fifteen hungry men who had been waiting anxiously for their noon meal, which was to be served to them at the expense of the concern. There was an expression of disappointment when the bewildered driver took in the remains of what was considered a square meal. Sand was thrown upon the remains of the lunch, which was almost impossible to eat. Before the police could interfere, the strikers had fled.

## NO CHANGE IN SITUATION IN TELEPHONE OFFICE

SAN FRANCISCO, May 9.—The telephone situation is growing more serious each day. The operators retained by the company are becoming exhausted with the abundance of work thrown upon them. Many of the girls and men are working hard. The company has agents going around in automobiles trying to get girls from private families to work at the switchboards, offering \$50 per month to beginners. They are finding some to fill positions. The electrical workers will meet in Dobson Hall at 8 p. m. tonight and may vote to strike. The company is trying hard to keep its lines open and give the public service. The situation is a most serious one and the merchants are crying for a settlement of the telephone trouble.

## FAKE SAYS BURNS

### Had to Agree to Lay Down Before O'Brien Would Go Into the Ring.

LOS ANGELES, May 8.—A full explanation of the many suspicious features of the Burns-O'Brien fight before the Pacific Athletic Club last night was given to the Associated Press today by Tommy Burns, the winner. Burns said: "Jack O'Brien was caught in one of his own traps last night. He refused to meet and I could not get him to agree to enter the arena until after I had promised to lay down and let him win the fight. I saw no chance otherwise to get him into the ring. I wanted to show the country that I was

O'Brien's master. I was anxious to prove that he was no match for me, and to whip him decisively.

#### MADE THE DEAL.

"After a long conference with the other side, I saw no possibility of pulling off the fight, unless I agreed to a prearranged result, in which I was to be the loser. Finally I consented to this, resolving as soon as the gong sounded the first round to break my promise with the other side to throw the fight, and go in and win. This I did, and the result was apparent.

O'Brien was taken off his feet and was scared to death. Everyone saw how he hesitated about leaving his corner when the first gong sounded and how his seconds had to push him out of his chair. He knew I had planned too cunningly for them all and that he was due for a beating.

#### BETS ARE OFF.

"As for the bets being declared off I was instrumental in having that done for the protection of the public. I wanted to make this explanation after-

## HAYWOOD TRIAL BEGINS

BOISE, Idaho, May 8.—No juror has yet been chosen for the trial of William D. Haywood. Of the original panel, four were excused by the court, two because of material interests that would suffer, one because of the severe illness of his wife and the fourth because he has been appointed a city patrolman since drawn.

The examination of the seventh talesman for the prosecution only was in progress at noon recess. Of the other six three were excused on challenge for bias by the prosecution and three were temporarily passed. The latter have not as yet been examined by the defense.

The examination of the prospective jurors by the prosecution included an extended inquiry as to life and occupation, affiliation with labor unions, acquaintance with Governor Steunenberg, attitude toward circumstantial evidence, the manner in which the

## Cornelius Says Attempt on President Calhoun's Life Was Not by His Men

SAN FRANCISCO, May 9.—"I can assure you that the three men who attempted the life of Calhoun were not union men," said Richard Cornelius, president of the Carmen's Union, to a reporter of THE TRIBUNE this morning. "If such an attempt was made it was made by others who are not in any way concerned in the present difficulty.

"I do not believe that any attempt was made to murder or abduct Calhoun. Yes, of course, I suppose I would be expected to stand for my own men, but in this case I am sincere. Whether or not there is a plot on foot to cause the death of the president of the United Railroads I am not in a position to know, but that there is no such a conspiracy among the carmen I do know."

## INJURED OAKLAND MAN WILL LIVE

SAN FRANCISCO, May 9.—Manager Guy Smith of the Novelty Theater, Oakland, informed the TRIBUNE correspondent that his chauffeur, Al Palm, who was accidentally shot in the riot Tuesday last, has still a fighting chance for life.

Palm had a bad night, but was resting well today. He sleeps a great deal and awakes only when shaken. The bullet has not yet been removed. It is located somewhere in the spinal column, but has not struck the cord.

## MAYOR SAYS, "I MUST GET HELP"

### Extraordinary Task Calls for Advice

SAN FRANCISCO, May 9.—Mayor Schmitz, at the meeting of the committee of fifty appointed yesterday, and which convened this forenoon, repudiated the Board of Supervisors and asked for the support of those citizens he had invited to assemble in carrying out the duties of his office, not only in the present labor crisis, but in the future, so far as they might do so in the furtherance of a constructive policy for the city's upbuilding. Without dilating he said upon the present situation respecting the Board of Supervisors:

"I appeal to you to assist me in an advisory capacity. I must have help. The ordinary duties of office, of course, are

within my power, but extraordinary tasks call for advice of strong and interested men. In the present trouble in the reconstruction of the city I pledge you that I will carry out your every recommendation. When you speak and declare yourselves your utterances will have the weight of city government and I am ready now, for the sake of peace and law and order, to resort to the same means by which the population of our city was controlled during the recent fire and earthquake.

It was the sentiment of the meeting that there should be no labor oligarchy and no capitalistic domination in San Francisco. The meeting, composed as it was of locally eminent men in every avenue of industry, was remarkably harmonious and readily arrived at a common (Continued on page 2.)

## Police Call Upon Carmen's Union for 150 Pickets

SAN FRANCISCO, May 9.—Police Captain Gleason of the Park Police has called upon Carmen's Union for 150 pickets to aid in keeping order at the Oak and Broderick street barns of the company where the offices are situated. A car is to be run from the

barns and Gleason fears that bloodshed cannot be avoided today. Richard Cornelius refuses to make peace and will not recognize the finding of the proposed committee of fifty. He is attempting to dodge the real issue at stake by stating that he is willing to put the proposition to the people as a whole.

## HAYWOOD IS PUT ON TRIAL IN BOISE

His Wife Present in Court--Work of Gathering the Talesmen for a Jury Begun This Morning.

(Continued From Page One.)

Both sides announced ready at 10:30 a. m.

The examination of jurors commenced at 10:27 a. m. A. L. Ewing was the first name called.

The big courtroom was only half filled at 10 o'clock when Judge Wood took the bench and Sheriff Hodgkin called the session to order.

### BAILEYS IN CHARGE.

Gray-bearded court bailiffs stood in the aisles ready to preserve order. They had little to do. The opposing counsel were arranged at long tables on either side of the witness chair which is set in the center of the space between the counsel table. John Richardson, general counsel for the miners, sat with the other attorneys entered for Haywood.

Just back of the defendant's counsel table sat Mrs. Haywood, wife of the prisoner, in her invalid chair. She was accompanied by her two daughters and a nurse.

### ASKS FOR HAYWOOD.

Judge Wood made several announcements in civil proceedings before he finally turned to the array of counsel before him and asked:

"Is the defendant Haywood in court?"

"He is waiting to be called," said Mr. Darrow.

The next instant Haywood appeared in custody of Deputy Sheriff "Rus" Beemer, employed by Canyon county to guard the accused miners. Haywood, a stockily built man, just short of six feet in height and weighing perhaps 180 pounds, appeared clean shaven this morning and apparently his long confinement, broken as it has been by daily exercise on the lawn surrounding the courthouse, has had little effect upon his health. Haywood suffered an accident to his right eye some years ago, losing its sight. He sat today at the end of the line of seats occupied by his family. His chair was within a few feet of the first of the jury chairs, which are arranged in front of the judge's bench.

### TO TELL WITNESSES' NAMES.

Attorney Hawley of the State counsel informed Judge Wood that in accordance with the statutes he would endeavor to call the Haywood indictment the names of all the witnesses for the prosecution so far as they are known at the present time. This was agreeable to the defense.

"Are you ready, gentlemen?" queried Judge Wood.

"We are," counsel for both sides voiced in unison.

Next followed the excuse of four members of the regular jury panel of twenty-seven men, leaving but twenty-three men to be examined at this time. One of the men excused had a sick wife. The others had business interests which they convinced the court would suffer if they were forced to serve in this trial. Twelve names then were called and all of the empty jury seats were filled before the examination of any talesmen was begun.

### EXAMINE TALESMEN.

A. L. Ewing, a gray-bearded carpenter who sat in the foreman's chair was the first of the panel. The attorneys inquired first as to the residence of the proposed juror. He said he had lived here a number of years, having come from Oregon. He was a native of Indiana.

"Are you a member of the Carpenters' Union?" asked Hawley.

"No, sir."

"Have you a member of any union anywhere?"

"No, sir."

"Have you heard this case discussed by any one who pretended to know the facts?"

"No, sir."

### KNEW STEUNENBERG.

"Were you acquainted with Governor Steunenberg?"

"Yes, sir."

"How long had you known him?"

"About four years."

"Ever had any business relations with him?"

"Yes, I held an appointment at the Soldiers' Home for a while, but for political reasons my term of office ceased."

"You were discharged?"

"Yes."

"Then I take it that you and Steunenberg had a difference."

"I differed with him politically at that time."

### DISCUSSED CASE.

Ewing said he had read of the case pretty thoroughly in all the papers. He is a married man and knows none of the defendants. He had talked with his grown son regarding the case and the procedure.

"What do you mean by that?" asked Hawley quickly.

"I mean," said Ewing, "that we talked about the length of time it would take to try the case."

"Have you formed or expressed an opinion as to the guilt or innocence of the accused?"

"I don't think I ever have."

"Have you any opinion now?"

"Well," said the talesman, "I don't think I have, although it sounds wooden to say so."

Ewing said he had served as a juror but once in a capital case, and that was at the present term of court.

"Have you any prejudice against circumstantial evidence?"

"No, not exactly, but I should be very careful in arriving at a decision on such evidence."

"Would the fact that the defendant was not in the State at the time of the killing, but was shown to have advised, encouraged and aided in the killing, would that influence your verdict, provided the court instructed you that such a person was equally responsible with the man who actually did the killing?"

"I would take the instruction of the court."

The examination of Ewing was here dropped temporarily and Hawley passed on to the second man.

It then became apparent that he would go through the panel of talesmen he had selected and would undertake its examination of the proposed jurors.

### TENNESSEE TALESMAN.

The next talesman, James Ayres, said he was a farmer, married and

## READY TO MOVE CARS TODAY

(Continued on page 1.)

streets, where Police Captains Mooney and Gleason, with sixty men, are doing patrol duty around the company's barn and power plant. Captain Mooney reports that there has been no disorder today and that no arrests have been made.

The United Railroads will start two cars, manned by strike-breakers, out of the barns at Oak and Broderick streets early this afternoon. The non-union men will be brought in covered wagons, with mounted police escorts, from the car house at Turk and Fillmore streets, as was done yesterday.

### RUN UNDECIDED.

The day's run has not been finally decided upon, but it is understood that no attempt to penetrate the burned district will be made. It is not thought likely that the cars will be run into the Mission district, as that is thickly populated with strike sympathizers and affords an abundant supply of piled-up bricks and stones.

While it is true that the company yesterday succeeded in running two cars, manned by unarmed strike-breakers, for six miles through the Western Addition and the Richmond district, with police escort, it is pointed out that small hope is entertained of resuming operations on the whole system for the reason that the police force is inadequate to the emergency.

The force is composed of seven hundred men, only thirty of them mounted.

Forty police were employed in yesterday's run over a single division of the system, and even this number of officers was unable to prevent the hurling of stones or to disperse the mobs of thousands of men and boys who ran with the cars and only refrained from dragging the strike-breakers from off the platforms out of fear of having their heads broken by the clubs of the police. Furthermore, traffic cannot be resumed without them.

### NEED SPECIAL OFFICERS.

It has been suggested that the police force could be enlarged to adequate proportions by the appointment of several hundred special officers. While additional real protection would be welcomed by all peace-desiring people in the city, in some quarters the fear is expressed that in the appointment of some hundreds of special officers union sympathizers would creep into the service and that the result thereof would be disastrous.

12:15 p. m.—Forty of the sixty policemen now on duty at Turk and Broderick streets were sent to Oak and Broderick shortly after noon to accompany the strike-breaking cars throughout their run.

## ARE GETTING READY FOR SOME PEACE NEGOTIATIONS

Mayor Schmitz Elected Chairman and a Full Committee Selected to Take Up the Burning Issue.

SAN FRANCISCO, May 9.—The committee of fifty called by Mayor Schmitz to advise with him in preserving order in the city met this morning in session about two hours. Mayor Schmitz was elected chairman and Percy Morgan, and President Tracy of the State Federation of Labor, vice chairman. Rufus P. Jennings was elected secretary.

The mayor stated that he could not work in harmony with the present Board of Supervisors and he therefore had called together his old committee

of fifty that had done such good work during the earthquake and fire, to advise with him.

### COMMITTEE APPOINTED.

After much discussion in which various labor leaders took a prominent part, an executive committee of seven was appointed to outline a plan of action and to report to the full committee tomorrow morning.

It was stated that the conciliation committee appointed by the Civic Federation and the labor council would report this afternoon the result of their conference with the carmen and President Calhoun last night.

BALTIMORE, May 9.—The Susan B. Anthony memorial fund of \$60,000 to promote the cause of equal suffrage has been completed, according to advices received here today. There were twenty-three contributions in amounts of \$50, \$100 and \$250 each and one of \$5,000 from "A Friend."

## LONGSHOREMEN STRIKE GROWS MORE SERIOUS

New York City Piers Congested With Great Piles of Freight.

NEW YORK, May 9.—The position of the steamship companies affected by the strike of longshoremen is growing more serious. Freight is not being moved and the piers are becoming congested. The steamship companies' efforts to get ships out on time was illustrated today in the case of the Oscar II. of the Scandinavian line, due to sail this afternoon. Scrubbing gathered in the city were performing the work usually done by stevedores. Strikers and employees both continue firm.

## LAUNDRIES TO STAND FIRM

Owners Say They Will Have Open Shop and Stand Out Against Eight Hours.

The owners of seven steam laundries of Alameda county are determined to keep open shop and refuse to sign up. They will begin active operation as soon as the help is secured. They declare that they are willing to recognize the union, but will not allow the officers of the protective association to dictate to them. Everybody that wants to work should be able to do so of their own volition, without being interfered with by the opinion expressed by the laundry owners. Three of the houses of San Francisco laundries are assisting the Yosemite laundry workers and expect to turn out 5,000 pieces of linen today. They will increase their volume of business daily and despite the fact that they will keep open shop they will pay an increase of 12 to 15 per cent in wages over the old schedule and maintain the present 9-hour a day basis as they emphatically state they cannot operate their laundries on the eight hour a day schedule.

"We will keep open shop," said J. P. Meekham, owner and manager of the Yosemite Laundry. "We are not going to allow the union to dictate to us. We propose to run our business to suit ourselves. The majority of the union girls are willing to go back to work as soon as police protection has been secured. They have been intimidated by the strikers who have given demonstrations of their anger."

"Today everyone that came out of the Yosemite laundry building was shouted and yelled at. The place is now under police protection and yesterday's disturbance will not be repeated."

## FAKE SAYS BURNS

(Continued From Page One.)

wards and I did not want to see the public tricked into losing any of its money. The calling off of the bets cost me \$3,000 for I stood to win that amount myself."

Manager McCarey of the Pacific Athletic club today confirmed Burns' statement. Every detail of it was fully corroborated by McCarey. The plan to have Burns lie down was agreed to by the latter in order to get O'Brien into the ring, but there was no intention on the part of Burns or McCarey to carry out the agreement with the O'Brien side. McCarey said he wished it to be distinctly understood that Billy Nolan, O'Brien's manager, was not involved in the matter.

## REFeree's STATEMENT.

Referee Charles Doyle said today with reference to the fight:

"Burns' statement today is the first I have heard of any agreement between the men. I am not surprised, however, at the revelations as there was plenty of suspicious circumstances. I called off all bets last night after conference with Manager McCarey. We found many suspicious circumstances connected with the betting and agreed that it would be an injustice to the public to allow the bets to stand."

"I am glad personally that the exposure has been made, for it will help to shut some of those out of the boxing game who are in it for dishonest purposes."

## O'Brien Always Suspicious Personage

By EDDIE SMITH.

The assertion that Burns has made will come as no surprise to the boxing fans who follow the game of fist-fights closely as O'Brien has been accused of doing just this sort of business in many of his previous contests.

The actions of O'Brien prior to going to Los Angeles had a tendency to arouse suspicion in the minds of many of the men who speculate on the result of boxing contests and very little was wasted in Oakland and San Francisco on the outcome of the battle.

O'Brien's action in announcing that Billy Nolan, manager of Battling Nelson, would act as his manager in the Burns contest gave ample cause for suspicion.

O'Brien has now been in the ring for eleven years and is known in the world over as one of the few fighters that has made a success of the boxing business without the aid of a manager.

He is an exceptionally thrifty fellow and the critics could figure no reasonable cause why at this time he should feel that he needed a manager.

O'Brien first made his appearance in California in 1900 when he fought Al Neil in San Francisco, he was dissatisfied with the result and thought he had been robbed of the decision.

He was then matched to meet Young Peter Jackson, who was at this time a third rater.

After making Jackson look foolish for thirteen rounds he feigned a knockout.

Since that time he has made no effort to deny he faked and at one time said that he did so to get even with the gang that robbed him with Neil.

The Philadelphia has been known to be a crafty fellow for years and time and again he has been accused, and with good cause, of allowing a man to stay a certain number of rounds and make a good showing in order that they might be again matched in some other city.

True, he has won in most of these contests, splitting the purse with his opponent, but the fact that they were prearranged has always been known, as a faker.

Some of the contests in which he was a principal which had a bad look were with Jim Jeffords, Young Peter Jackson, Jack Bonner, Al Weis and a few others.

Tom McCarey who managed the contest of last night is also supposed to be the manager of Tommy Burns and no doubt his action in asking the referee to declare off the bets on the contest was the result of his knowledge as to the agreement that Burns and O'Brien had entered into, and which he knew Burns would break if he could.

The mystery of why Billy Nolan went south as an advance agent for O'Brien which has puzzled the fans

## UNCLE SAM ENDS THE 'DRUG TRUST'

Federal Court Puts Stop to Blacklisting

Striking Miners Claim They Were Betrayed by District President.

VANCOUVER, B. C., May 9.—Notwithstanding that a settlement has been signed up between the miners in the Crow's Nest Pass and the operators, the miners of Michel, one of the largest of the camps, have refused to go back to work. They claim to have been betrayed by District President Sherman in that he had it in his power to show a much better settlement than was actually signed. The feeling against Sherman is very bitter. Three days ago he was in Michel and was hoisted and jeered by a crowd which alleged that he had sold out to the operators.

## ELKS RECEIVE JUDGE MELVIN

600 People Present at Brilliant Affair.

SAN JOSE, May 9.—With Grand Exalted Ruler Judge Melvin at the depot, the local Elks last night threw open their new clubhouse underneath the Empire theater and held a reception that quite eclipsed anything hitherto attempted in San Jose by the order.

A reception committee consisting of Exalted Ruler Simpson and Dr. A. M. Barker met Judge Melvin at the depot and escorted his party up to a local grill, where an informal banquet was held. In the evening a formal reception took place in the new rooms at which were present nearly 600 people. Judge Melvin has just completed a tour of inspection of every lodge in the United States and is now about to close his travels by visiting every lodge in California.

## ACQUITTED OF VIOLATING ORDINANCE

After a trial in Police Court One this morning A. G. Lockhart was acquitted of a charge of violating the building ordinance. He was accused of erecting a wooden frame structure at Fifth and Washington streets. It was over this case that Mayor Mott recently took occasion to criticize Jack Rollan, the coal dealer, on whose premises the wooden building was put up by Lockhart. The Mayor asserting that Rollan being a fireman ought to have known that the building ordinance and fire limits ordinance were being violated.

It was shown that Lockhart was only an employed workman, hence could not be adjudged guilty. He was therefore discharged.

## ENGINEER IS KILLED ON SECOND RUN

Many Fatally Hurt in Train Wrecks

CINCINNATI, May 9.—One man was killed, one fatally and two others seriously injured in a rear-end collision at Jones station, seven miles south of Hamilton, today. An engine was following passenger train No. 1 on the Cincinnati, Hamilton and Dayton Railroad and the heavy smoke prevented the engineer seeing the train, into the rear of which the engine crashed.

Engineer King of Ivordale, who was making his second trip as engineer, was instantly killed and John Sullivan of Hamilton, superintendent of tracks, probably fatally injured.

Jacob Reister, agent of the road at Ivordale, suffered serious internal injuries, and Thomas Kirk of Jones station, had two ribs broken. No passengers were hurt.

CHICAGO, May 9.—Suburban passenger train No. 114 on the Burlington Railroad, running between Aurora, Ill., and Chicago, was wrecked today near Lawrence, six miles from the city and twenty passengers were hurt and it is reported several were killed.

The train was running at high speed when the engine struck a broken rail and leaped from the track. It dragged the baggage car and one coach with it and all three rolled down a small embankment. The other five coaches remained on the track.

## THE OFFICE BOY TALKS ON COAT STYLE

I heard a man say: "Whatever your walk in life, you can get a run for your money if you know the 'gait.' Have you seen the new underwear? Gee! that's a sprint for your money, all right—made like a sprinter's duds, knee-length, quarter sleeves, most sensible underwear ever thought of. And the best of it is they come in coat-styles, too. Wonder nobody thought of that before. Nearly fifty years since the Monitor liked the Merrimac and getting began the gaiting gun and still some folks are willing to put up with old-style underwear that heats you up like a blast furnace or tickles you under the solar plexus or fits you like the skin on a bologna sausage or sews up under your arm pits or cuts you in the ankles or does some other bad-actor stunts."

This is the Twentieth Century, boys! My boss thought of this over a year ago and I just thought of it myself. I tell you that one-half the world don't know how the other half lays awake nights thinking out the little problems that go to make life easier.

In our Underwear for men and boys you'll find every little detail that tends to make for comfort in all seasons, something unusually good in all grades, 50c, 75c, \$1.00 and up.

## NICE ARMS FINE POSE

### TROPHY TOURNEY IS GAINING RECRUITS

The fact that the best-arm show will end June 1st is tacitly making direct use of their free-photo orders. There is an encouraging increase in the list of those enrolled who are visiting the studio of Shaw & Shaw to secure likenesses of themselves showing arms bared to shoulder. The first prize offer, one dozen pairs of \$5 silk stockings, for the arm of loveliest shape, has prompted much competition among the females of this county.

"I came to Oakland today," writes a Berkeley young lady, "and sat for my portrait, and it will be ready for you by Saturday. I asked the artist to pose me in the most graceful attitude, for I intend, if possible, to be the one to win that box of gloves you are to award for the very daintiest pose. I have no fault to find with my arms and shoulders, but I think I stand the superior chance to be winner of your special trophy—the gloves."

Phidias invites more recruits for this rivalry of arms. Some volunteer will be adjudged owner of the hosiery, and some entry is going to obtain those gloves. Question of identity of each lucky one will be solved quite soon, now.

"Am I qualified to enter the tourney?" exclaims a young married woman residing on Harrison street. "We are still refugees, having been made homeless by the earthquake and are in San Francisco. We went to Los

### FOUND OUT.

I think that there's but little room for doubt that they are bride and groom.

She looks at him with so much pride it's certain she must be a bride.

And his adoring looks betray His groomship—it's a give-away.

I notice, too, the lady's hat. I'd want no better proof than that.

But taken with that lilac dress It puts the matter past a guess.

Then he's so natty and so trim There's not the least mistaking him.

Their baggage! See the silver tag That gleams upon the lady's bag.

His suitcase! I've seen very few So very yellow, fresh and new.

No ordinary married man Would carry one so spick and span.

And—did you see him look at her As they approached the register.

Just wait a little while and see When she puts sugar in his tea.

There! That should shake your unbelief.

He's just picked up her handkerchief.

And note her sudden carmine bloom! You bet that they are bride and groom.

### A THOUGHT FOR THE DAY.

A female friend, amiable, clever and devoted, is a possession more valuable than parks and palaces; and without such a muse, few men can succeed in life, none be contented.—Beaconsfield.

key and Carl Jefferson. A trio of nieces, Miss Marion Kergan, Miss Ruth Larkey and Miss Dorothy Tregloan, were ribbon bearers and wore frocks of white and carried baskets of Cecil Bruner roses. The wedding gown was a beautiful creation of satin made after the empire model, with garnitures of princess lace. A spray of orange blossoms caught the long tulle veil, which fell to the hem of the train. A shower of lilies of the valley completed the costume. C. Richards was best man.

After the wedding a supper was served before the departure of Mr. and Mrs. Jordan on their honeymoon journey on an automobile trip through the southern part of the state. Upon their return they will reside at Hotel Athens, of which the bridegroom is owner and manager. The marriage was the culmination of a romance begun during the college days of the couple when they were students together.

### GOOD THINGS FOR WOMEN TO KNOW ABOUT, HEALTH AND BEAUTY

#### Proper Way to Take Care of One's Self

Physicians assert that baked potatoes are more nutritious than those cooked in any other way, and that fried ones are the most difficult to digest.

A bruised finger nail should be held in hot water for half an hour. This will often prevent the blood's settling under it and turning it black or blue.

This is the prescription of a reputable physician for a spring tonic: Halve your food, double your drinking water and do not have it ice cold; treble your out-of-door exercise and quadruple your consumption of fresh air and laughter.

Lemon juice has a place on the toilet table of the careful girl. It removes stains from the hands and whitens the skin. Marks on the neck made by wearing a high collar may be removed by lemon juice. To cleanse and soften the nails it is also valuable.

To cure a headache take a quantity of black pepper and put it in a handkerchief; fold the handkerchief over so that the grains cannot fall out; saturate the whole thing with camphor; bind this plaster on the head and lie down; when the handkerchief becomes dry, saturate again with camphor; in a very few minutes the headache will be relieved and the patient will be asleep.

### DYING MAN CLAIMS WOMAN SHOT FOR UNKNOWN REASONS

#### California Girl Held in Reno Prison

RENO, May 9.—William O'Brien, a well-known sheepman of Nevada, was fatally wounded in his room at the Tremont Hotel early this morning by a bullet from a revolver which he claimed was fired by Orena Loek, alias Dolly Ferns. He is now in jail, but she claims the shot was fired during a struggle to take the gun away from O'Brien.

The sheepman came to Reno yesterday to vote and visit the girl, whom he claims he met in Truckee a year ago and has since supported. He went to his room late. He had been drinking. The woman entered the room

and a few minutes afterward a shot rang out, followed by another. The woman rushed into the hall and shouted "Will has shot himself; get a doctor!"

The hotel men rushed to the room and found O'Brien on the bed with a stream of blood coming from his forehead. Before losing consciousness he said that the woman had tried to murder him, for what reason he did not know. Orena Loek, who has parents and sisters living at Santa Rosa, Cal., claims O'Brien attempted suicide and that the first shot was fired while she was striving to secure the weapon. There is little chance of O'Brien living.

### SHOOTS HIS FRIEND DEAD IN A DUEL OVER A GIRL

BRISTOL, Va., May 9.—John Johnson, 23 years old, son of a well-known farmer at Greendale, was shot and instantly killed by Noah Fulton, a neighbor, today, in a pistol duel occasioned by jealousy over a young woman.

Five shots took effect in the body of the young man.

The combatants had been friends all of their lives until a month ago, when

### BEAUTIFUL WOMAN SAID TO HAVE ENGINEERED REBATE DEALS

#### Entertains at \$50,000 a Year Clip

CHICAGO, May 9.—Back of the alleged rebates which Western and some Eastern roads are accused of paying the sugar trust is the story of how these deals were engineered by a beautiful woman, whose "week-end" parties, golf meetings and famous dinners were largely attended by railroad officials.

One of the Western officials today explained that most of the rebate business was transacted through the beautiful wife of Thomas W. Riley, who represented the Brooklyn Terminal company, which routed shipments

over Western roads. Riley drew a salary of \$75,000 a year, but he and his wife entertained at a \$50,000-a-year clip, and their famous house at Lake Michigan was the center of railroad officialdom—until the government began to get busy. Then the illegal transactions were called off and Riley found himself out of employment. It is believed that he assisted the government materially with information of how the rebate deals were carried through, and because of which four Western roads have already been indicted.

### OREGONIAN'S WIFE ACCUSED OF TEACHING GIRL FORGERY

#### Young Student Tells Police New Tale

PORTLAND, Or., May 9.—Arrested turned over to Mrs. English, who is on a warrant charging her with forgery. Mrs. English, the wife of a local contractor, is accused of tutoring Alameda Platt, a 18-year-old girl, in the ways of crime. The girl, who was charged that the older woman carefully the imprisonment of Mrs. English, declares that the older woman carefully girls besides herself to take up nefarious practices. The checks cashed by Miss Platt, so far as known, amounted to \$35, and were passed on local merchants.

### HANDSOME BRIDE OF YOUNG CLARK IS A DIVORCED BUTTE WOMAN

#### Union the Result of First-Sight Love

BUTTE, Mont., May 9.—Mrs. Alice T. Medin, to whom William A. Clark Jr., youngest son of ex-Senator Clark, was married last Tuesday, was divorced last November from Marco J. Medin, a well-known business man of Butte. She is a native of Virginia, Nev. Clark met her only a few days ago and fell in love immediately. She is a remarkably handsome woman, slight in stature.

Ex-Senator Clark, who returned to Butte last Sunday after a long absence, was not notified of the wedding, which was attended by only a few friends of the couple. He was greatly surprised when informed of the marriage, but being an indulgent parent, he did not complain. Young Clark is the father of the "million-dollar baby," William A. Clark III. His first wife died shortly after giving birth to this babe.

### PRETTY HOUSEKEEPER CAUSES MAN TO MURDER HER HUSBAND

#### Slayer Gives Himself Up to Authorities

PORTLAND, Or., May 9.—Infatuated with his housekeeper, Frank Gardner, a farmer living near Rainier, yesterday shot and killed her husband, H. M. Swarthout. For the past year Mrs. Swarthout, in the absence of her husband, has been keeping house for Gardner. This morning Swarthout returned, and the jealousy of both men terminated in a quarrel. Although the details received are somewhat meager, Swarthout is said to have fired three shots at Gardner. The latter then borrowed a rifle from a neighbor and returned, shooting Swarthout through the head.

Gardner immediately went to Rainier and gave himself up to the town constable. He appeared to be perfectly calm and would not discuss the crime. "You cannot help those things sometimes," was all he would say.

### STAR BOARDER STOLE THIS MAN'S WIFE, VALUED AT \$300

TRENTON, N. J., May 9.—Russell Newell, of New York, was awarded \$300 damages by Judge Cross today in his suit against Charles H. Van Kuren, a Wilmington naval engineer, for the alienation of the affections of his wife, Mrs. Newell, now living in Jersey City.

Both the wife and Van Kuren denied Newell's charges. Van Kuren was a boarder in the Newell home for twelve years. Newell declared he caught Van Kuren with Mrs. Newell in a locked room when he returned home November 20, 1904.

He asserted that Mrs. Newell refused to be reconciled after he left home, following this discovery. Mrs. Newell said her husband was the one who refused to be reconciled.

### HER CHIEF ATTRACTION

She's not so fair of face,  
Which is unfortunate.  
Her form has little grace,  
Her intellect's not great—  
Not startling, that I own—  
And yet she's rather bright.  
And this, too, should atone:  
She thinks that I'm all right.

Accomplishments she's none  
That she could brag about.  
In fact, she hasn't one,  
Of that there's little doubt.  
Her conversation's not  
A pure, unmixed delight.  
But I don't care a jot.  
She thinks that I'm all right.

She's always much impressed  
With what I have to say.  
She thinks that I'm the best  
Man living, anyway.  
Whatever I may do  
Is admirable, quite.  
That's my opinion, too.  
I think that she's all right.

## MABELLE GILMAN FEARS WEDDING ON "THIRTEENTH" TOO DANGEROUS

NEW YORK, May 9.—Announcement was made today that Mabelle Gilman and W. E. Corey will be married just after midnight. The ceremony is set for 12:15 o'clock on the morning of May 14. The bride's mother will remain here for a few months.

One letter from San Francisco to Miss Gilman says: "For God's sake as well as your's, and those interested in your future success, happiness and health, do not marry on the 13th."

Many other such admonitions were received.

Lee was picked up in Chinatown and taken to a drug store on Fifth and Harrison streets.

### MARINE CORPS ALSO HELD.

VALLEJO, May 9.—Considerable comment was caused here today when it became known that Colonel Caldwell, commander of the marine corps, had received instructions not to allow more than five marines to leave shore leave at one time.

According to information these two officials have been conferring by wire for many days past and that the order was issued owing to the street car strike in San Francisco.

### BAKERSFIELD MILITIA READY.

## \$600 in Prizes to be given away Absolutely Free

A \$50 trade certificate will be given to each of five persons giving the ten best reasons why the one-price system of selling pianos is preferable to the special sales system where pianos are marked high with the idea of discounting them to every purchaser.

A \$35 trade certificate will be given to each of ten persons giving the ten second best reasons.

### THEIR VALUE

These trade certificates will be worth their face value at our store, as every piano is marked in plain figures just what they must sell for and we will countenance no dickering or cutting in prices, as all goods are marked at their cash values.

### OUR REASONS

For publishing this contest are as follows:

We wish to know what the public sentiment is with reference to the two methods of doing business, whether you would rather go into a store and purchase a piano which is marked at the right price or whether you would rather purchase from a house who mark their goods with the idea of cutting their price to every purchaser. We expect it to cost us considerable money to make this investigation, but it is very necessary that we decide these questions. All participants in this contest must get their answers in before Saturday night at 10 o'clock or they will not be accepted.

## PROF. WICKSON FINDS WAY TO KILL ASPARAGUS RUST

Thousands of Dollars Saved Growers

BERKELEY, May 9.—Asparagus growers all over the country will rejoice to learn that the most unexpected success has followed the experiments conducted by Professor E. J. Wickson, of the agricultural department, University of California, in his attempts to control the ravages of the asparagus rust, which has caused so many thousands of dollars of loss to growers not only in California but all over the country.

A report has just been issued treating of this phase of vegetable farming. The pamphlet goes into detail regarding the manner of treatment, the supplies needed and gives much valuable information.

### CAN OVERCOME RUST.

The experiments conducted in the Sacramento district have shown that the rust blight can be completely overcome if the plants are treated at the proper time. On account of the ravages of this fungus, the output of

canned asparagus with which California supplies markets in Europe, has greatly decreased within the past two years, but by the aid of the discovery recently made, it is confidently expected that California growers can again supply all demands.

### SULPHUR USED.

Briefly stated the method of curing this rust consists in applying dry sulphur on the plants when just above the ground, followed by a spraying of the Bordeaux mixture. The Bordeaux mixture is made by mixing five pounds of copper sulphate and five pounds of quicklime in forty-five gallons of water. The experimental work for the treatment of rust on asparagus has been conducted jointly with the same departments in Eastern universities. This matter has been given particular attention in New York, where the asparagus crops have been deteriorating in both quality and quantity. The present spring crop in many localities in this State and in New York is now being treated by the Wickson method, to the great satisfaction of the growers.

## ACQUITTED OF GRAVE CHARGE

Jury Decides That Radovan Did Not Attack Little Mary Viscovitch.

A verdict of not guilty was returned last night by a jury in Judge Harris' court that tried Antonio Radovan for attacking little nine-year-old Mary Viscovitch of West Oakland. Radovan is a second cousin to the child's mother, and it was at their house that he was living last winter when the alleged assault was said to have taken place.

The little girl claims that after the alleged assault her mother came home and Radovan fled. He went to Sacramento where he was arrested and returned by Detective McSorley. Radovan is a waiter and during his arrest he was out on \$2000.

moralists who marvel at the increased consumption of liquor last year should also take note of the increased consumption of sugar. The ratio of sugar increase is greater than that of beer, and the ratio of beer increase is far ahead of wine and spirits. There is food for thought in this, as well as food for the nervous system. Some persons undoubtedly need a mild alcoholic stimulant to keep them going, but no one needs intoxicants or toxic doses of any stimulant. It's a good idea to cut out beer and wine for a time and resort to good drinks, cocoa or chocolate and coffee. Start the day with hot water and salt, or hot fruit.

## CONCERNING INDIAN TRIBES

Southern Indians Came From Without the State Says Professor.

BERKELEY, May 9.—Every Indian tribe has a tradition as to its origin. They say they know where they have come from but their theories are almost invariably based upon stories and accounts of the most doubtful authenticity, there being of course no written records. Scientists have therefore found a fruitful field of labor in endeavoring to discover some reliable method for determining, at least with approximate accuracy, the origin of the American Indian tribes. The relations and similarity of languages has turned out to be a fruitful means of ascertaining the former connection and sources of the Indians; it is with this end in view that Professor Kroeber of the University's anthropological department has undertaken a work, the outcome of which appears in his recently issued pamphlet on "Shoshonean Dialects of California."

Professor Kroeber says that the Indians of Southern California represent an immigration from some district outside of the State. This immigration took place probably a thousand years or more ago, for the language of the original band has had time to split up into numerous dialects. Two separate waves of immigration from the East entered Central California by way of the Southern Sierra Nevada. This immigration, however, had no connection with the one into Southern California. All tribes represented in migration, who at the time of the coming of the Spanish missionaries held one-fourth of the area of California, as well as numerous other tribes to the east, are related to various peoples in Mexico, especially the Aztecs. The traditions of the Aztecs, when made to come from the north, corroborate this fact.

## Steamer Baltic Remains in Mud

## GOOD NEWS FOR THE HOUSEKEEPER

New Laundry to Begin Operation at Once in Oakland.

Like the dawn of a fair day to a sailor on a driven sea, comes the announcement that within a few days a full-fledged steam laundry will be in operation prepared to gladden the soiled bosom merchant's heart or disgruntled housewife. A local company, ably financed, has purchased a large steam laundry at Stockton and will have it in operation here in a few days. Only experienced white labor will be employed and labor conditions will provide no barrier for the workmen of the patrons. Orders are being received now and from the generous phone-messages and personal calls from the best families of Oakland it is safe to predict a "first night" triumph in this new plant. While the labor troubles agitate the citizens of Oakland the installation of a splendid new plant means the cessation of endless-troubles to the public. Announcement of the location of this new laundry is made in today's TRIBUNE.

### HAHN STILL HOLDS OFFICE

Meese's Attorneys Trying to Find a Way to Oust Incumbent.

The decision in the Meese-Hahn voting contest that ended yesterday, giving Edwin Meese nine votes to the better of E. C. Hahn for Councilman of the Fourth ward, will not be given until May 20. A continuance until that time was asked for this morning by Attorney Fred St. Sure, who represents Hahn, who counted in at the municipal election March 11 by five votes.

Attorney Harrison S. Robinson, who looked after Meese's legal interests, is of the opinion that there was a law passed by the last Legislature creating an opening immediately for the man who should win out in a voting contest.

### PROF. SMYTH DIES IN THE EAST

BERKELEY, May 9.—News has just been received by telegraph at the University of California of the death of Professor Albert Henry Smyth, professor of English language and literature in the Central High school of Philadelphia. Professor Smyth was to have been one of the leading eastern lecturers in the coming session here.

Professor Smyth was a man of high rank in the educational world and especially in the various branches of English literature. He was a specialist on the writings of Benjamin Franklin and had attained eminence as a critic of Shakespeare. He was graduated from Johns Hopkins University in 1896, was a curator of the American Philosophical society, and a member of the American Historical society, and Modern Language association.

### THIEVES TAKE WHOLE LIBRARY

Two Hundred Books Were Taken From Seaman's Rest Last Night

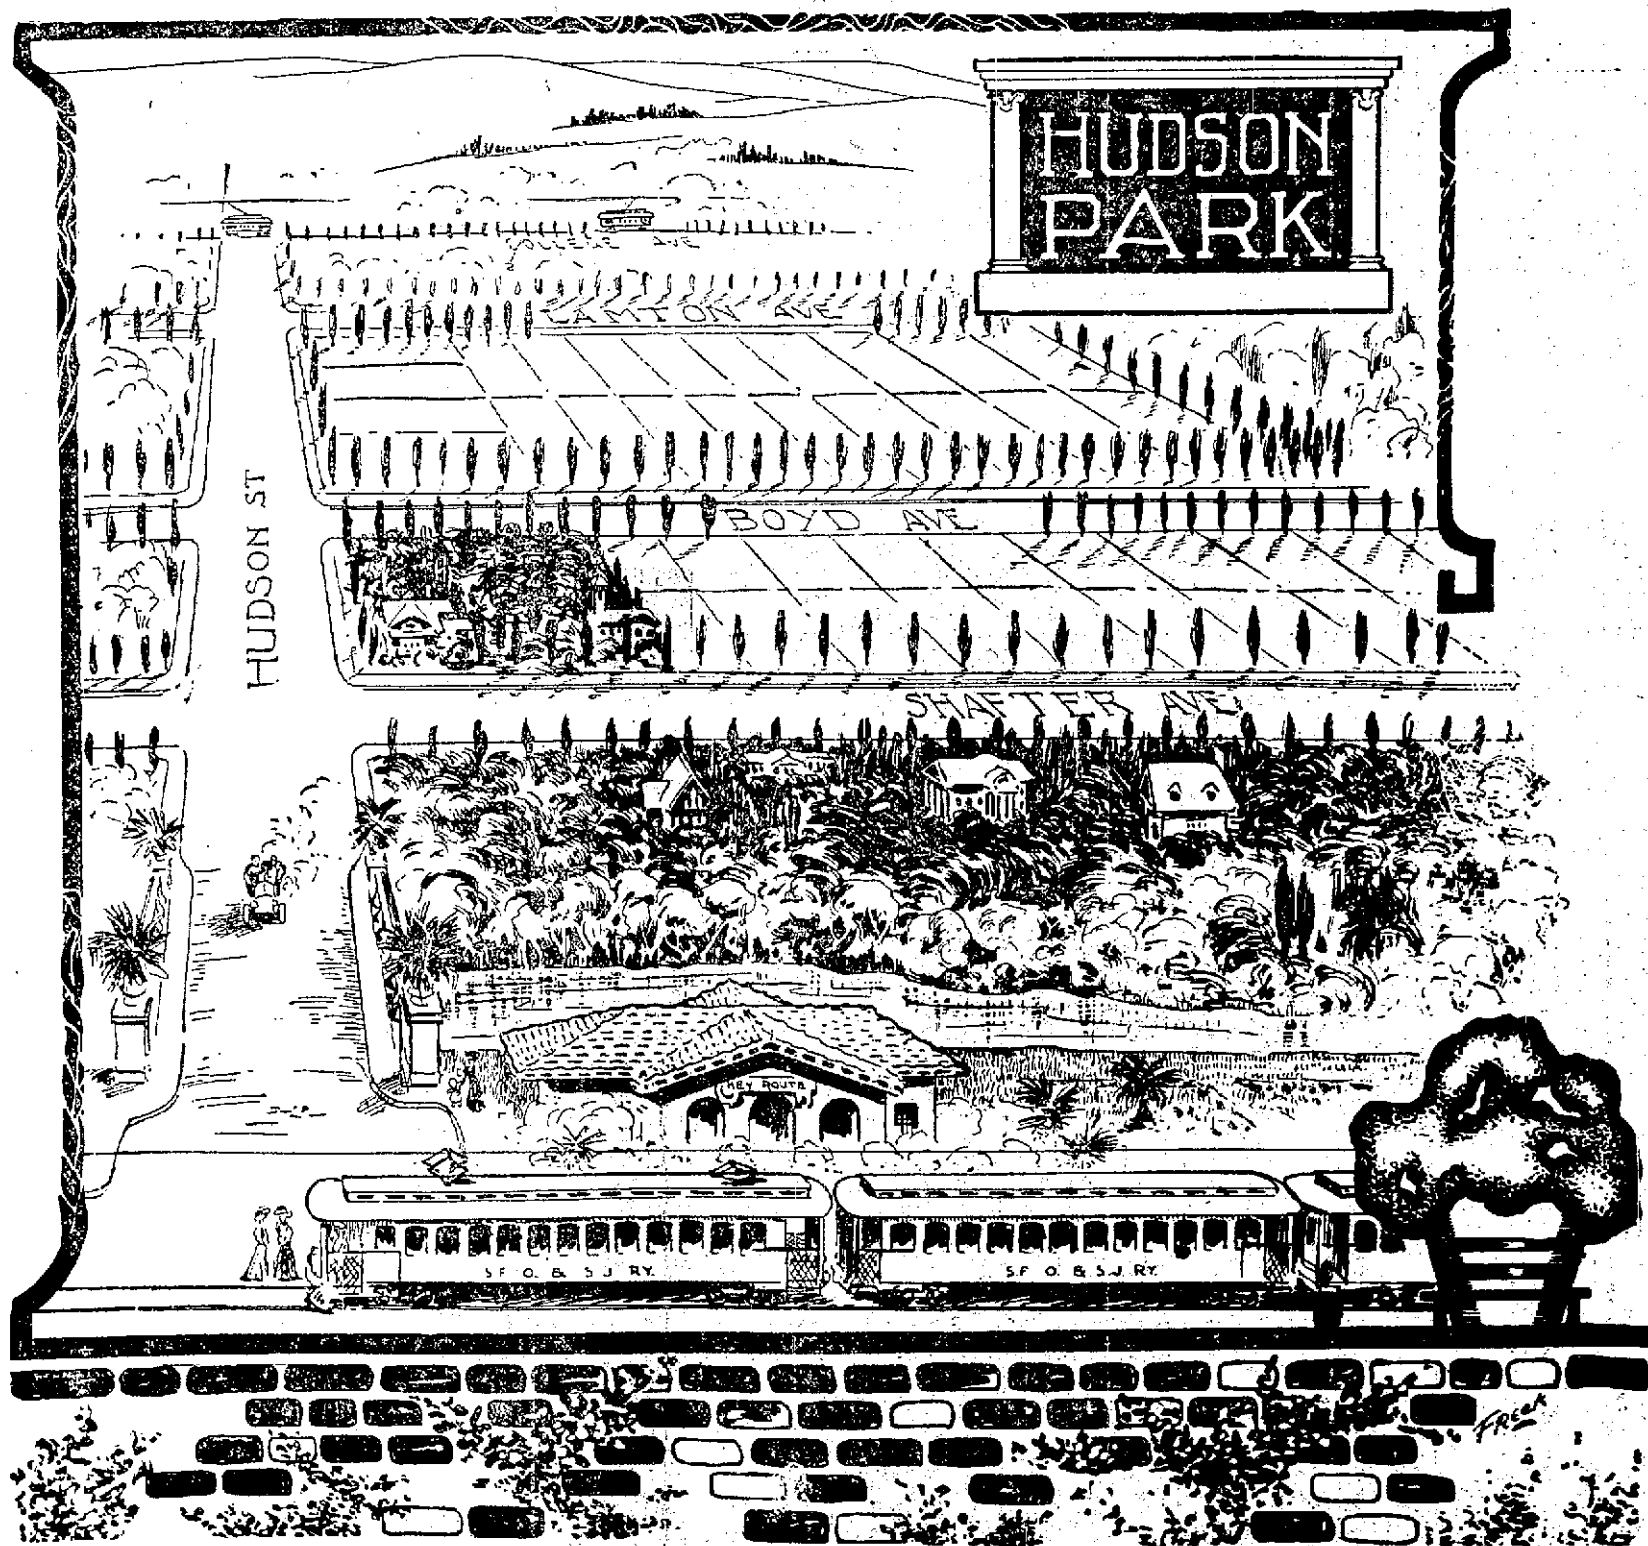

The theft of an entire library of books was the unique performance of some unknown person last night. Two hundred volumes were stolen from the Seaman's Rest. This institution occupies rooms on the second floor of a building on the west side of Broadway, a few doors below Fourth street. "A taste for literature of the 'family library' brand seems to have taken possession of the denizens of lower Broadway," said the Rev. Jesse Smith, when reporting the wholesale robbery of books to the police. Rev. Smith is superintendent of the Seaman's Rest. Each book was plainly marked on its back, "Family Library." Mr. Smith asked the police to ferret out the identity of those who took the library.

Two hundred volumes constitute almost a wagonload and surprise is expressed that nobody has been found who witnessed the depletion of the family library at the Seaman's Rest. It would naturally require considerable time to carry the books from the upper floor down a steep, narrow stairway, to the street if but one or two persons were engaged in the job. Most of the books were gifts to the Seaman's Rest and were intended to afford mental pabulum to the sailors and longshoremen who frequent the "Rest," and with a view of keeping them from spending their idle hours in water front "dive."

### SUES RAILROAD FOR DAMAGES

The accident occurred on October 16, 1906, and Mrs. Howe says that she still suffers from the injuries.

BRIEF SUMMARY OF NEWS ACROSS THE BAY

## WIFE DIED FIRST.

The knotty question of who died first, the husband or the wife, when William and Mathilde Peacock were killed in the wreckage of the Occidental Hotel, Santa Rosa, April 13, 1906, was decided by Judge Coffey in a will contest yesterday in favor of the proponents of the will of William Peacock.

The latter had been married twice. By the first wife he had a daughter, and in his will she was made the chief beneficiary in his estate of \$60,000. He also had a daughter by his second wife and the latter favored her progeny in her will. Hence the contest. It being decided officially that Mrs. Peacock was the

first to die, the will of Mr. Peacock will be probated and the property distributed according to its provisions. Peacock's wives were sisters.

## RELIEF COMMITTEE SUED.

## How to Enter the Hunt

THE TRIBUNE'S Proverb Hunt is a contest of skill and diligence. Every day for fifty days there will appear a picture or cartoon representing a familiar and commonly used English Proverb or Quotation.

The correct answers, to serve as a basis of awards, have been selected from a standard work on English Proverbs and placed under seal. This correct list will be published with the announcement of the winners.

Cut out the picture and the answer blank, which will be published every day, commencing Sunday, April 7, and save until the close of the contest. This will enable you to think about the answers and afford ample time for all members of the family to offer suggestions. As all editions of THE TRIBUNE will be quickly sold out every day, we cannot guarantee to supply back numbers of the paper after the regular edition is sold out. To insure getting THE TRIBUNE, order it delivered at your home. One order will be allowed after publication of the last picture for answers to be sent in. This will afford time for careful answer of the final picture, as well as re-examination of all the pictures. Answers may be filled out in any legible way, by handwriting, typewriting, pencil ink, etc. Address all answers to the Proverb Hunt Manager.

## Rules of the Hunt

- 1.—The Proverb Hunt is open to all, but contestants must indicate the proverb each picture represents on the blank provided therefor—and all may compete without charge or consideration of any kind, but only one member of a family will be entitled to receive a prize.
- 2.—Contestants may submit as many answers to each proverb as they desire, but each must be upon a separate blank.
- 3.—Blanks may be filled out in any legible way, by pen, pencil or typewriter, etc.
- 4.—Answers must be sent in only at the close of the contest; all answers must be in THE TRIBUNE office one week after the last or fiftieth picture has appeared.
- 5.—All answers must be plainly addressed to the Proverb Editor, THE TRIBUNE, Oakland, Cal. They may be left at the office or mailed, in which event they should be fully enveloped.
- 6.—Employees of THE TRIBUNE and members of their families are positively barred from competing for rewards in this contest.
- 7.—In making the awards the judges, whose names will be announced in due course, will take into account the similarity of the answers as selected by the Proverb Editor; spelling, punctuation and the correct construction are the essentials that will be graded. Reasonable neatness will be taken into consideration. The awards of the judges will be final in all cases.
- 8.—The first prize will go to the person answering all, or nearest all, of the fifty proverbs correctly. The person answering the second or next number correctly or nearest so, will receive a second prize, etc.
- 9.—In the event of a tie for any prize, the value of such will be equally divided, or a prize of similar character and value awarded each tying contestant.
- 10.—THE TRIBUNE reserves the right to make any changes or additions to the conditions that it may deem desirable in the interest of contestants. The good faith and honest participation of all is pledged to insure a "square deal" for all.

## BLACK, ITCHING SPOTS ON FACE

Physicians Called It Eczema in Worst Form—Treated Disease for a Year but Could Not Cure It—Patient Became Despondent—Suffering Promptly Allayed and

## DREADFUL DISEASE CURED BY CUTICURA

"About four years ago I was afflicted with black spots all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of the city. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good. Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every spot was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the disease since, and it was three years ago. The Cuticura Remedies not only cured me of that dreadful disease, eczema, but of other complicated troubles as well, and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that Cuticura Resolvent is the best blood medicine that the world has ever known. Mrs. Lizzie E. Sledge, 550 Jones Ave., Selma, Ala., Oct. 25, 1905."

## WILL WOMEN BE USED TO PROTECT STREET CARS?

Calhoun Said to Intend to Use Them

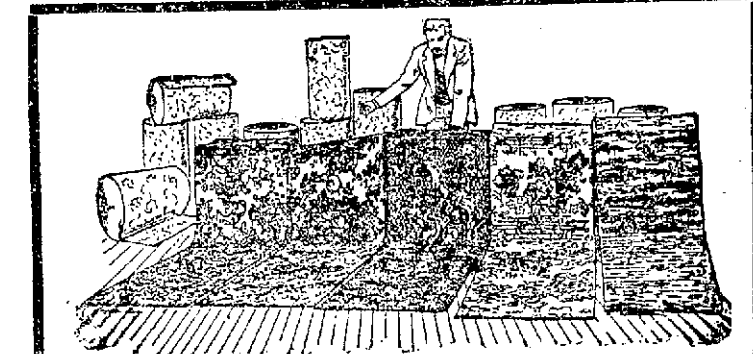

SAN FRANCISCO, May 9.—It is reported that the mayor here is considering the use of women to protect street cars. The statement is to the effect that he has under consideration the proposition of employing women to protect the cars, and that he will attempt to run out of the city during the day, the theory being that the strikers and mob sympathizers are galled enough to permit the passage of women without exciting the passions of the mob.

## "I'm Sound as a Dollar," Says Man Then Drops Dead

## ORDER AGAINST UNSKILLED MEN

Ordinance Prohibiting Incompetent Persons Running Cars to be Invoked.

SAN FRANCISCO, May 9.—From the office of the Board of Supervisors, yesterday a copy of ordinance 540, approved on August 13, 1902, relative to street railroad cars within the city and county of San Francisco, was obtained by the city authorities. This is an ordinance dealing with the legal competency and experience of motorman, conductor and conductors employed on the street railroads of the city. The ordinance reads as follows:

Section 1. It shall be unlawful for any person, company or corporation owning or operating street railroad cars within the city and county of San Francisco, or any officer or agent of any such person, company or corporation to allow or permit any incompetent or inexperienced person to act as motorman, conductor or conductor in the operation of their street railroad cars within the city and county of San Francisco.

Section 2. It shall be unlawful for any person not having had previous experience to act as motorman, conductor or conductor on street railroad cars within the city and county of San Francisco, unless such person shall have had at least seven (7) days' experience in such capacity in this city and county, under the instruction and guidance of a competent and experienced motorman, gripman or conductor, as the case may be; provided, however, that this section shall not apply to persons who are already employed as motorman, conductor or conductor upon tracks not in readiness for the transportation of passengers.

Section 3. Any person, company or corporation, or any officer or agent of any such person, company or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon the conviction thereof shall be punished by a fine not exceeding six (6) months, or by both such fine and imprisonment.

Just what is proposed to be done in the invocation of this is a matter of conjecture. The ordinance is a complete statement from each and every one of the city officials, and it is expected that the city during the recent riots, for the purpose of applying to the court for aid, other in the way of an injunction from the county courts, restraining the strikers and mob from in any way interfering with the running of their cars.

## COMES TO DEFEND SCRUGHAM

Kingard Returns to Appear in Conspiracy Case.

NEW YORK, May 9.—M. E. Kingard, a law partner of Attorney General Wade Ellis of Ohio, who was one of the counsel for the International Policy-holders' Committee during the campaign against the New York and Mutual Life managements last fall, has come back to New York to act with John B. Stanchfield as counsel for the committee. There will be a hearing this morning before Magistrate House in the Tombs Court on the conspiracy charge brought against Mr. Scrugham by the District Attorney's office.

## MISS CROSMAN AT MACDONOUGH

Popular Actress Opens Tonight in All-of-a-Sudden-Peggy."

Especially noteworthy is the announcement that Henrietta Crosmen is coming to the Macdonough Theater tonight. She comes direct from her latest New York triumph and her Broadway success during her run at the Bijou Theater and will bring her entire New York company. Everybody will wish to see this gifted woman whose fame as the greatest of living comedienne has been established by a series of conspicuous achievements, including brilliant successes in "Miss Mink," "Sweet Kitty Bellairs," "As You Like It" and other comedies. She will change her bill in this city, presenting "All-of-a-Sudden-Peggy" for the first part of the engagement and "The Almighty Dollar" for the second part. Playgoers will rejoice in this opportunity to see this celebrated actress in two of her greatest roles and most popular comedies.

## GATES UNABLE TO DROP GAME

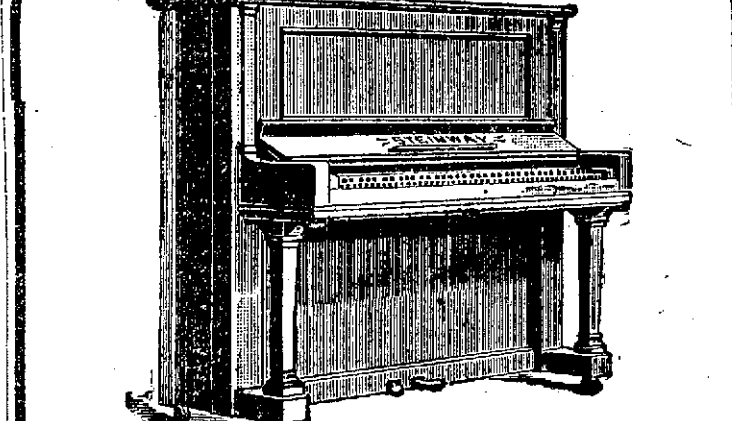

Famous Operator Takes Office Room and Will Resume Business.

NEW YORK, May 9.—John W. Gates is already altering his resolution to keep away from the stock market, according to a report vouched for by a number of brokers today. Gates, it is said, will have office room in a brokerage house which has taken over one of the branch offices of Charles G. Gates & Co., and has notified members of the house that he will be on hand September 1st. He has decided to cut down his European trip. It is expected the familiar phrase, "Gates is buying," will be seen on the financial bulletins soon again.

## WHAT IT MEANS TO BE A STEINWAY REPRESENTATIVE

No greater compliment could be bestowed upon a musical concern than to be entrusted with the Steinway agency. Go where you will look up the house that represents the Steinway, and you find a firm with whom it is safe to negotiate business. The acknowledged superiority of the Steinway prompts all dealers to seek the agency. This condition permits Steinway & Sons to select from all the firms best suited to Steinway methods—and Steinway methods demand unquestioned business integrity. Consequently we feel a pride and satisfaction in being entrusted with the Steinway agency. It is a feeling that can be measured upon no ordinary basis, for our greatest obligation to Steinway & Sons is for the moral stimulus we have received through our business dealings with them. We have made our friends largely through the Steinway piano, and have held them by adhering absolutely to the high business principles of the Steinway makers. We have endorsed the Steinway without hesitancy and the test of time has proven the wisdom of our endorsement. We have advised our closest friends to purchase a Steinway, and have risked our future musical reputation upon the past record of the Steinway. Just as Steinway & Sons have risked the Pacific Coast representation of their wonderful instrument with our house.

## STOCK MAKES WOMAN INSANE

Awful Consequence of Recent Wreck of Flyer.

CHICAGO, May 9.—Lillian M. Miller, one of the injured in the wreck of the Pennsylvania 18-hour flyer, in which Mayor Fred A. Busse also was injured on the night of February 22, was adjudged insane by Judge Pond in the County Court yesterday. Miss Miller's insanity is said to have been a result of the shock she received in the wreck. Miss Miller, who is 22 years old, had been visiting friends in the East, and was on her return to Chicago when the wreck occurred. The county officials know little of her family, except that her mother lives somewhere in Kentucky.

They proceeded to Oceanic Club in Whitechapel, where arrangements have been made for their reception.

## STRIKE CAUSES \$600,000 LOSS

8000 Police Mobilized to Keep Peace Along New York Docks.

NEW YORK, May 9.—The gravity in the longshoremen's strike grows with the hours. This is principally because the congestion of freight is becoming rapidly greater, the total monetary loss being reckoned thus far at about \$600,000, involving business in many parts of the country. Last night 300 Italian and Polish strike-breakers were surprised and attacked by several hundred strikers and sympathizers in Williamsburg and a savage fight ensued in which stones, knives and clubs were used and numbers of persons were hurt including some policemen. Both sides show a fixity of purpose which does not promise an early end of the troubles.

## 12,000 STRIKERS.

The strikers, who now number 12,000, declare that they will not yield unless their demands for a higher scale of wages are granted and the steamship companies are equally insistent that no concessions will be made by them and that they will stand together to resist the men's exactions.

Police Commissioner Bingham has taken precautions to keep in reserve at the docks all the policemen except those on patrol, which is, in one sense, a mobilization of the 8000 policemen in the city. Today may see another effort toward conciliation between the longshoremen and the shipping companies, but the one attempt in that direction, made by a committee of the Civic Federation was an utter failure.

J. H. Thomas, operating manager of the International Mercantile Marine Company, speaking for the transatlantic lines involved in the strike, said that the heads of all the lines had discussed the situation. They were unanimous, he said, in the position that the demands of the strikers were exorbitant.

TO SAIL ON TIME.  
The companies will bend their energies to getting their vessels away on schedule time, even if this be with partial cargoes. The strikers are divided into two classes: those opposed to the transatlantic lines and those opposed to the coastwise lines. The former claim allegiance to the Longshoremen's Protective Association, and the latter say they constitute longshoremen's Union No. 13. Some coastwise lines have come to agreements with their longshoremen. To emphasize their contention that higher wages are needed because living is higher, the strikers talk of having a parade of their wives and children dependent upon them.

## NECKTIE PARTY FOLLOWS MEETING OF BROTHERHOOD

### Relief Corps to Give Whist Tournament

Oakland Lodge 122, Fraternal Brotherhood, held its regular meeting last Friday evening at Pythian Castle, Twelfth and Alameda streets. President F. B. Eakin presiding. There was a very large attendance, and considerable business was transacted. Several new members were initiated.

After the lodge adjourned, the apron and necktie party was held. The neckties were auctioned off to the gentlemen. Brother Cole presided as auctioneer. Then there was a merry time, as the gentlemen had to match the ties they had bought with the women's aprons to find their partners for the banquet. A grand march was held and proceeded to the banquet rooms, where the women of the entertainment committee, under the guidance of Sister Miller, had prepared an elaborate spread. The banquet room and tables were very tastefully decorated with greens. Dancing was indulged in till a late hour after the banquet.

Friday evening is the regular open meeting of the lodge. Visiting members are cordially invited to attend.

**KNIGHTS OF PYTHIAS.**  
Oakland Lodge No. 103, K. of P., held one of its enthusiastic and instructive assemblies last week. One application for membership was presented and three strangers were initiated into the mysteries of the Purple Rank. The ceremony was performed in a faultless manner.

Past Grand Chancellor Burns, whose eloquence has been heard and appreciated by every lodge of the order in the Grand Domain of California, was present and delivered an inspiring address.

**DEGREE OF HONOR.**  
Silver Star Lodge No. 2, Degree of Honor, met last Saturday evening at Pythian Castle. There was a large attendance of the members besides a number of visitors from the sister lodges. This lodge is in a flourishing condition, and has the largest and most active membership of any of the Degree of Honor lodges on this side of the bay.

There were a number of initiations. The drill team from Silver Star Lodge had charge of the ritual work, which was beautifully and impressively carried out.

After the regular routine business the meeting adjourned and a very pleasant social evening was spent, consisting of dancing, vocal and instrumental music, after which refreshments were served.

**GRAND ORIENT.**  
The twelfth annual banquet of Alameda Council No. 1 was held at the Council's headquarters in Pythian Castle Thursday evening, April 25th. Caterer James H. Moon prepared the following menu:

Eastern Oysters on Half Shell.  
Cold Meats.  
Roast Turkey, Cranberry Sauce.  
Roast Spring Chicken.  
Ham.  
Shrimp a la Mayonnaise.  
Stuffed Olives.  
WINE.  
Claret Punch.  
Fruit.  
Bananas.  
Assorted Cakes.  
Coffee.

A very pleasing incident took place during the evening. His Exalted Highness Grand Padishah A. V. O'Neill, founder and organizer of Council No. 1, was presented by Prince Jack N. Bonham with an elaborate and costly sash artistically and appropriately engraved. Prince O'Neill thanked the donor in a few well-chosen words.

**THE AMERICANS.**  
The remarkable increase in membership and the manifest enthusiasm displayed by everyone connected with this thriving fraternal order is very noticeable, especially in San Francisco and Alameda counties.

Oakland Assembly No. 2 initiated a class of eleven members at its last meeting and many more applications are ready to be acted upon.

Lincoln No. 7, at South Berkeley, under the able guidance of Chairman Overstreet, Financier Menges, Recorder Sister Ahnfeldt and others, is making rapid progress along social as well as fraternal lines, as was evidenced by the large attendance at its monthly social held last Thursday evening at Lincoln Hall. Several visitors from San Francisco were present, who thoroughly enjoyed the fraternal welcome with which they were received by the members of Lincoln No. 7.

New assemblies of the order have recently been organized in Marysville, Willows and Napa, and last Friday evening Sunset Assembly No. 34 was instituted in San Francisco with a large charter list.

Several assemblies of the order are now in operation in Oregon and Washington and Adjutant General J. A. Smith, who has done splendid work in Petaluma and Marysville, has recently gone to Denver, where he will commence to open up the State of Colorado. Secretary General J. L. M. Shortley left for Los Angeles and other Southern California towns this week, where he has gone on business connected with the order.

**REBEKAH, NO. 11.**  
The regular session of Absit Invidia Rebekah Lodge No. 11, I. O. O. F., held Tuesday evening, was one of interest and greatly enjoyed by all present. Refreshments were served and dancing was indulged in till a late hour.

The regular meeting of Canton No. 11 will be held on Friday, at which time a large class of candidates will be conducted through the Degrees. Light refreshments will be served.

General M. A. Runey, Commander-in-Chief of this branch of the order, is on a tour of the Pacific Coast and while at Oakland, accompanied by Col. K. E. Chitt, Chief of Staff for the State of California, called at the hall and met Chevalier F. Baker of Australia and conferred a great honor on Oakland Canton No. 11 by appointing Chevalier F. Baker as aide-camp to the General Commanding the Patriarchs Militant of U. S. A., with the rank of Major.

Major F. Baker will return to Aus-

tralia in the early part of 1908 and will institute this branch of the order there.

**MAPLE LEAF LODGE.**  
Maple Leaf Lodge, No. 360, of the Fraternal Brotherhood, met on Friday last at Franklin Hall, 410 Thirteenth street. President R. E. Nickel presiding. After the usual business session the members enjoyed cards and dancing.

### UNTOLD INJURY

To Oakland People, as It Is Elsewhere Throughout the Land.

Neglecting a bad back,  
Not trying to reach the cause,  
Brings untold injury to the human system.

Following in the wake of backache are urinary disorders, diabetes, Bright's disease.

Let an Oakland citizen tell of an Oakland cure.

J. J. Lawrence of 150 Seventh st., Oakland, Cal., says: "If you wish, you may use my name in recommending Doan's Kidney Pills, because I know they are very effective and have done me much good. My trouble was a lameness and pain across the small of my back, which had annoyed me for about two years. I was first attacked by the trouble when I was down in Ecuador looking after some mining interests. The first box did me so much good that I continued using the remedy until I was completely relieved. Every kidney sufferer should know about Doan's Kidney Pills."

## MILLIONAIRES MAKE GOOD LONGSHOREMEN

### Officials Load Vessels During Strike in Record Breaking Time.

SEATTLE, Wash., May 9.—Moritz Thomsen, president of the Centennial Mills; W. D. Hofius, president of W. F. D. Hofius & Co., and Captain J. S. Gibson, general manager of the Washington Stevedoring Company, the first two millionaires and the third a very wealthy man, and three officers of the German steamship Tolosan loaded 3288 sacks of flour aboard the vessel at the Centennial Mills, breaking all Puget sound records for quick dispatch of cargo. The work was done in ninety-five minutes.

Because of the longshoremen's strike the German steamship could not get men to load the boat, and the millionaire president of the milling company volunteered to do the work himself if necessary to break the strike and get the steamship out on time. Hofius is a stockholder in the mill company and volunteered his services. Captain Gibson is at the head of the company that usually does the mill's loading and took part. Captain Jepson and two mates on the Tolosan did the rest of the work.

## TRAWLERS REPORT VOLCANO AT SEA

### Tell Strange Tale of Submarine Eruption Accompanied by Flames.

L'ORIENT, France, May 9.—Several trawlers came in here yesterday reporting an extraordinary phenomenon at sea, which would appear to have been a submarine volcanic eruption. The occurrence took place at a point forty-four miles northwest of the island of Croix and sixty miles west of Belle Isle.

The men on board the trawlers noticed bright flames and intense smoke rising from the sea. Believing that some vessel was on fire, the trawler Kervel worked her way in that direction for the purpose of rendering assistance. She could, however, discover no ship on fire.

The fire and smoke, from no apparent cause, continued throughout the night, and becoming more violent toward morning, the Kervel steamed away to ensure her own safety.

## WOMEN WANT TO GET FREE OF THEIR BONDS

One Says Husband Loved Liquor  
Better Than Her but the Other  
Relents.

Alleging that her husband preferred whiskey to her and that his cravings for the drink were more to him than she was, Madeline Sachs, of Alameda has brought suit for divorce against Jack Sachs. She claims that he daily courted "booze" until he finally left her. Mrs. Sachs alleges in the divorce complaint filed yesterday afternoon, that Sachs told her she flirted with a negro cabman, which she says is untrue.

The divorced suit filed by Mrs. Rosa Jaeger of Berkeley against Rudolph Jaeger will be dropped. Mrs. Jaeger's attorney filed a notice yesterday afternoon for the dismissal of the suit which alleged extreme cruelty. She claimed that Jaeger compelled her to eat soup made from the swill he gathered for the swine, telling her that was good enough for her and the children. On other occasions she says he made her arise at 4 a. m. and work in the field.

## AGED COUPLE SUE FOR HOME

Charge That They Were Duped  
by a Former Elder of Afri-  
can Methodist Church.

Alleging that they were swindled out of their home on Forty-third street, near Telegraph by an elder of the church, Mr. and Mrs. Samuel Bowser have brought suit against Ezekiel T. Cottman to regain their property. The couple are past the age of three score and ten and they claim they made an agreement with Cottman, who was formerly an elder in the African Methodist Church, by which he should pay the taxes and provide for them until their death. In turn for this he was to receive their home. A deed for the property was made out and placed in the hands of J. L. Bromley to be held in escrow until after the death of the Bowsters.

By the complaint that was filed yesterday afternoon, the aged couple allege that Cottman has taken advantage of the situation and during the time the real deed was in escrow, he caused to be filed a forged deed for the property. They claim that the deed now on record is not the one made out by them.

Cottman is not in the state, so they can get no redress from him, but ask to have the deed in escrow returned to them.

## 'TAS BURGLARY SAYS COURT

Man Who Attempted to Steal  
Cloth Must Answer Felony  
Charge.

It is not unlikely that Thomas F. Morgan, who attempted to get away with a bolt of cloth on the evening of April 27 from M. T. Gratz' Peerless tailoring agency on Tenth street, near Broadway, will have to face a charge of burglary. Morgan was captured by Sgt. Berliner, former chief of police of Manila, after he had broken away from Gratz. Morgan dropped the bolt of cloth which he had taken from a table in the store when faced by Berliner and Gratz.

Morgan was charged with petty larceny. He was tried this morning before Police Judge Samuels. He gave as an excuse for entering the tailor shop that he wanted a couple of buttons sewed onto his vest.

"I knocked the buttons off while helping put a derailed car back on the track at Bodeo on April 17," he said.

He denied that he intended to take the bolt of cloth, which Berliner swore was under Morgan's coat when he met the latter emerging from the shop.

"If this case is anything, it is burglary," said Judge Samuels, and he continued it until May 10, when a charge of burglary will probably be sworn out.

Morgan is known as "Dutch" and is said to have been in previous trouble with the police. He said that he arrived in Oakland April 27, the day he was arrested, at 10:25 p. m.

You commenced operations speedily, didn't you, Morgan?" observed Judge Samuels.
